

Art – Photography - Tuesday

Today is another art day. It is nearing the end of term and who doesn't love a bit of art?

Today though you are going to be using any device with which you can capture an image camera, phone, iPad, tablet etc.

I would like you to capture 4 images around the theme 'ME'.

These could be things you like doing, things you do not like doing. This is like a self-portrait of images all about you but not including you. You should not be part of the photo.

Try to be creative with your angles and how you position your objects.

Mine would probably look a bit like this. I hope you like them.
