

What was stone age life like?

Putting together your double page spread.

This week is our last week before half term. This week we would like you to gather information about stone age people's clothes and the tools they used.

What did they wear?

For this section we would like you to find out or include:

- What stone age people's clothes were made of.
- Where did they get their clothes from?
- Did their clothes change according to the weather?
- Pictures and drawings of stone age clothes.

Stone age tools.

For this section we would like you to find out or include:

- What were the tools made of?
- Did different tools have different uses?
- How did they create the tools?

[Click here](#) to learn about stone age tools.

[Click here](#) to listen to a PowerPoint made by another child about stone age clothes and jewellery.

[Click here](#) and [here](#) to learn more about stone age life.

You could write your facts in some of these frames so they look nice for your double page spread or design your own.
