

COMIC RELIEF

Parents' Evenings

Please make sure you have booked your Zoom appointment with your child's class teacher.

The meetings will be held on either Monday 29th, Tuesday 30th or Wednesday 31st April (depending on which class your child is in). It

would be helpful to have an initial discussion, without your child present and then, if they want to, your child could join the conversation towards the end of the meeting.

There will not be a written termly report produced this term and we will not be sending books home.

Dear Parents and Carers,

Comic Relief Many thanks to everyone who has donated money towards Comic Relief today, we have managed to raise £208.30 which is great. The children have enjoyed the day and it's always good to have a little light relief on a Friday! If you would like to see how your money will help others, please click on the link: <https://www.comicrelief.com/what-your-money-does/>

Crediton Library As all classes are learning about explorers this term, Crediton Library have made a collection of appropriate books for our children to borrow. At present the library is only open for the 'Choose and Collect' lifeline service by appointment only. Families who wish to borrow any of the topic books should contact the library at crediton.library@librariesunlimited.org.uk or on 01363 772578 to arrange a collection time. The library will pre-issue the books to the child's ticket so when they arrive they can just pick up the books

labelled with their name from the table in the library entrance foyer.

Road Safety I have received a few complaints about dangerous parking recently so please remember to think carefully about where you leave your car. Please ensure you:

- park safely – do not park on double yellow lines or corners of roads
- park respectfully – do not block driveways
- walk home sensibly – do not allow children to climb on walls or enter driveways of our neighbours

Online safety While connecting online has been a necessity for us during lockdown to stay in contact with family and friends, it's important that our children understand how to use the internet, apps, mobile phones and games with chat functions responsibly. One of the difficulties with social media is that children are often desperate to have an account but don't always have the maturity to keep themselves safe. There are lots of useful websites which can give helpful advice to both children and parents such as:

<https://www.internetmatters.org/advice/6-10/>
<https://www.nspcc.org.uk/keeping-children-safe/online-safety/>
<https://www.thinkuknow.co.uk/>

Please remember that age guidance for apps and online games is not just about content, but about other users' access and their content that our children are exposed to.

Reminders:

Thursday 1 st April	Last day of term
Monday 19 th April	First day of the summer term

I hope you all have a lovely weekend.

Debbie Main
