

P.E. 2.2.21

Activity 1)

This week for P.E. we'd like to encourage you to go for a walk. Your walk doesn't have to be this afternoon but any time you and your family - and possibly your pet - have some time free during the week.

Activity 2) Whilst on the walk, take some photos and then select two, one for each of the following categories:

- 1) a family shot of everyone on the walk
- 2) your favourite view on your route – this can be a building, some wildlife including close-ups of plants, animals you see or a landscape view.

Send these two photos, along with any other information like the length of your walk in time or distance (or both!) to your teacher please via their email.

Enjoy the fresh air!
