Your Maths activity today will be using a part/whole model.

1. You need to write the following numbers 0,1,2,3,4,5 and 6 on separate small pieces of paper.
2. Draw 3 part/whole models on another piece of paper like this:
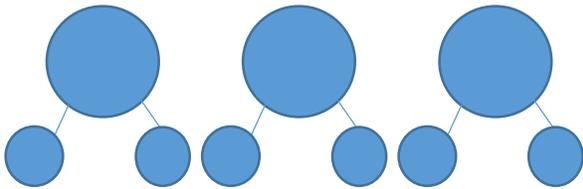

Keywords:
More than/same as/ fewer than
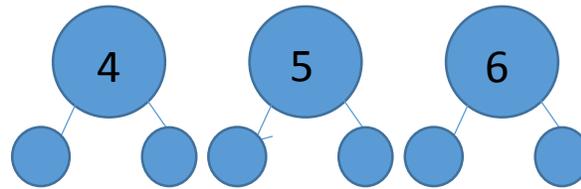

3. Write the numbers 4,5,and 6 in the big circles.

4. The challenge is to arrange your 6 cards on to the part/whole models so that the numbers in the small circles add up to the number in the big circle.

5. Is there more than one way to solve this problem?

Maths gym

Go around your home and find **6** items that are black in colour and **2** that are green. How many objects do you have all together?
