Your Maths activity today will be learning about 2D shapes – circles/squares/rectangles/triangles.
2D shapes are flat.

1. Make a picture using 2D shapes.
2. Cut out paper in to shapes such as circles, squares, triangles and rectangles.
3. Colour them in.
4. Stick them down and make different pictures such as rockets/boats/houses.

5. Talk about the shapes you have used and why you have chosen those shapes.

If you have completed this activity,
